

Instructor-Led

Amadeus Business Analytics Center for Altéa Airlines

Business Analytics Center (BAC) provides easy access to relevant KPIs and dynamic commercial and operational performance ready-to-use dashboards. This one single portal efficiently and autonomously defines your strategy, sets your objectives, and measures their impacts afterwards using trusted data. This course explains how to use Airline Business Analytics Center (BAC) features to prepare the business dashboards.

On this course, you will learn how to:

- > Navigate through different modules in the Business Analytics Center portal.
- > Define your specific dashboards.
- > Create a story.

This course covers the following topics:

- > Business Analytics Center (BAC) 5 standard modules: C-level, Bookings, Travelers, Revenue Management, and On-Time Performance.
- > Navigating BAC portal - QlikSense.
- > Reviewing ready-to-visualize dashboards.
- > Duplicating dashboard.
- > Creating your own visualized dashboards.
- > Using Bookmarks.
- > Creating a story.
