

Instructor-Led

Amadeus Reservation and Ticketing Web Certification for New Users

This course provides hands-on experience on Amadeus Altéa Reservation Desktop Web (ARD Web) to New Users who do not have cryptic knowledge.

On this course you will learn how to:

- > Use the graphical environment of Altéa Reservation Desktop Web (ARDW).
- > Improve customer service with best practices.

This course covers the following topics:

- > Understanding the ARDW environment and architecture.
- > Requesting an availability, informative pricing, schedule and timetable display.
- > Creating a Passenger Name Record (PNR).
- > Modifying a PNR and interpreting its history.
- > Working with Queues.
- > Displaying fare information and pricing PNRs.
- > Issuing, revalidating and reissuing e-tickets.
- > Issuing, reissuing and managing EMDs.
- > Displaying sales reports.
- > Refunding and voiding documents.
