Amadeus Negotiated Space Certification

This course describes how to use Amadeus Negotiated Space to best define blocked space and assign it to preferred travel agents, while retaining full synchronisation with your inventory system. This is an essential feature for your distribution to cruise lines, tour operators and other consolidators.

On this course, you will learn how to:
> Set up and maintain points of sale for handling tables and block management.
> Define availability and sell options.
> Create and maintain Negotiated Space handling table parameters.
> Create and modify Negotiated Space blocks.
> Retrieve and read the history.
> Run dashboards or reports.
> Request access authorisation.

This course covers the following topics:
> Creating and maintaining handling records.
> Setting up and modifying the Point of Sale.
> Creating and modifying Amadeus Negotiated Space blocks.
> Reading the history.
> Running dashboards or reports.
> Requesting access to the product.
> Certification test.
