AMADEUS

e-Learning

Local Security Management

As a local security administrator, control user authentication and access control on your Amadeus product.

On this course, you will learn:
> What is Local Security Management?
> How to create users in Local Security Management
> How to manage users in Local Security Management
> How to register devices for Digital DNA authentication
> How to create agreements in Local Security Management
> What is guest authentication?

Through a set of interactive e-Learning lessons, learn about user access, Digital DNA authentication, and creating agreements using Local Security Management (LSM).
